"A GROWING TIME."

Truly this is a "growing time" for

Canada, and the Montreal Herald

transcript, a journal that the Lan-

guish first came into power, con-

sumed them in an unmeasured term

not turning out those then in the

employment of the Government, to

make room for hungry Grits. Its

appetite was altered to water, and

factually, not the taxpayers will

not know until the public accounts

are before them. In the meantime

the officers of the country have been

held for its benefit to the following

extent:—

1897.....\$ 7,443

1898.....6,663

1899.....6,791

Total.....\$20,297

Not a bad job for a country newspaper.

The Montreal Herald is another

journal that has declared itself "well

satisfied with Laurier." Why should

it not, it has drawn from the public

treasury, during a very short period

the modest sum of \$20,311.

These two Government papers have

in three years been milkers of the

Government to the extent of \$41-

081.11. Why should they not be

satisfied? What has our city Grit

organs to say to this? Have they

not done enough puffing and—last

not just a little larger share of the

spoils than they have received? The

bravo, it is to be presumed, is that

they were paid for all they were

worth.

FIVE DOLLARS A BOX.

The Price Cut No Figure With Him.

I want to say for the benefit of

some poor dyspeptic that Stuart's

Dragee Tablets will give comfort

and cure every time. Five dollars a

box would not seem a purchase

that would ever suffer again as I

did for a week before using my

Dragee. The one 50 cent box I bought at my

druggist did the work and my dis-

position is all right.

Many of my neighbors have also

used Stuart's Dragee Tablets and

been just as represented and they

now want me to use his name in en-

gaging Stuart's Dragee Tablets.

We all admit it, whether we have

any of it or not. Just as the rugged

spring, so the most precipitate and

impetuous and fractious of Christ, how

sympathy is on the wrong pitch.

My sister had her arm put out of

were all sympathetic, and they

found her arm and called and called

mightily until the anguish was in-

tolerable; but the arm did not

move, and the country doctor

was sent for, and he came in

with one of his country boys.

He knew just where to put his finger

and just how to touch the bone.

We were all very much interested

in the doctor's work, and he

was so kind and so unassuming

work, while some Christians, in the

gentleness of Christ, come along, and

take the hand of sympathy on the

arm of the doctor, and the doctor

and the doctor's hand is rejected.

Oh, for the gentleness of Christ.

When the Hon. Wm. Patterson, Minister of Customs in the Tarte Cabinet, got out of the railway car at Belleville station yesterday he had his eyes in a state of confusion. When he saw the large crowd of enthusiastic Liberals who had gathered to meet him, he was so much surprised that he could not find words to express his surprise.

Mr. Patterson, who is touring Quebec on the "Why fight for England?" tour, is the Government candidate in the Belleville constituency. He is not to be in accord with his sentiment. Who believes them?

JOHN CHARLTON ON PREFER-
ENTIAL TARIFF AND RE-
PROTECTOR.

Mr. John Charlton, M.P., who in
1875 made one of the most convincing
speeches ever made in the
Parliament for the reason that it
was practical, but who afterwards
following his party preached Free
Trade, and simple, is returning
to his former faith. In an article
over his own signature, published in
the October number of "The Forum,"
he gives utterance to the following
sentiments:

"In the meantime it is gradually
dawning upon the Canadian mind
that there is a more direct road
to securing a remedy for the great
disparity existing between the
volume of exports to the United
States and of imports from that
country than preferential duties in
favor of Great Britain. As the fact
becomes known that while we buy
\$60,000,000 of manufactures from
the United States, we are only per-
mitted to sell \$6,000,000 of our own
products in return, this query be-
comes naturally suggested, if the Amer-
ican tariff continues to bar our own
products from the markets of that
country in exchange for goods we
buy, why not put our duty up to
the American standard of 50 per
cent, and encourage feeding the
operatives that produce the goods
by securing the production of the
latter in our own country? Then
the action of the United States
will probably result in the near fu-
ture, the form of answer to the
question."

Mr. Charlton, who was one of Sir
Wilfrid's Commissioners to Washing-
ton to consider and negotiate trade
relations between Canada and the
United States, which commission cost
Canada over \$50,000, and no doubt
has learned the truth of what the
Conservatives told the country scores
of times, that United States public
men would yield nothing to Canada,
and that it was time that knocking
at their door for admission to their
markets at Canadian prices should cease,
and a Canadian policy adopted in-
stead of the policy of the present
President of that Republic, and that
to do so would only be following their
example.

No one can be surprised at the
attitude assumed by the United States,
when Sir Wilfrid went whining for
favours. He and his party had been
for years preaching a course which
led them to believe that any and
every demand would be granted by
Canada, and that like a ripe apple it
would fall into their lap. Their eyes
were shut, and they saw only what
they wanted to see. They were
deceived, and they have learned that
Canada can live without them.

Mr. Charlton's utterance will be
well and warmly welcomed to the Laurier-
ites, but they will have to avail
themselves of their erstwhile adviser
for now no more for them. So mote
it be.

GERMANY'S NEW NOTE.

It Has Won the Approval of Lord Salisbury and Also of the United States of America.

Berlin, Oct. 5.—The German high
court has just issued a new note to the
public with reference to the punishment
of those responsible for the recent
outrage. The note is as follows:
"The high court has just issued a new
note to the public with reference to the
punishment of those responsible for the
recent outrage. The note is as follows:
"The high court has just issued a new
note to the public with reference to the
punishment of those responsible for the
recent outrage. The note is as follows:

"First—Whether the list contained
in the order of persons to be punished
is sufficient and correct.
"Second—Whether the punishment
proposed is just.
"Third—In what way the persons
named are to be punished."

The information received up to
the present concerning the reception
of this proposal by the powers in-
volved against it is that a large under-
standing on this matter may be looked
for.

Lord Salisbury Approves.
London, Oct. 5.—(3 p.m.)—The
London morning papers are virtually
unanimous in their approval of the
German note. They have little to say
about the new German note. The
Daily News, which describes it as
"clear, straightforward and manly,"
expresses a hope that all the
European powers and also the
United States will agree with En-
gland's latest proposal.

The U. S. favorable.
Washington, Oct. 5.—The latest
action on Germany's latest sugges-
tion concerning the punishment of
those responsible has been taken by

SEVENTEEN YEARS OF TORTURE.
"I had a bad cough for seventeen
years," writes Mrs. Saml Hamilton,
of Lawrence, Tenn. "No doctor
or medicine could cure it until one
year ago I began to use Dr. King's
New Discovery, which did me
more good than all the other medi-
cines I ever used. It is truly a
grand cure for Croup, Whooping
Cough, and all other ailments of the
throat and lungs. It is sold in
bottles of 25c and 50c. Guaranteed
trial bottles free at McKee's drug store.

West public opinion amounts to a Russia may be gathered from the recent census of that Empire, which shows that in a population of 129,000,000 there are only 745 newspapers, or one to every 170,000 people. Of these 659 are in Russia, 99 in Poland, 41 in Germany, 19 in France, 15 in America, and in the rest of the world.

Speaking of this reminds one of it is a glorious chance for one of Mr. S. J. Young's gift newspapers to emigrate. Two papers of one class serving the same class of readers in a small city like Belleville is just one paper too many, and it is a drain upon the advertising public and merchants who patronize both Grit sheets.

So the Liberator has selected Mr. S. J. Young of Trenton, to conduct the rising of West Hastings against Mr. Henry Corby, M.P., the present member. Well, let the fight be fair; both are being gentlemen, the last "used flagging" outlived in party organs, the better.

The postage stamp funds will soon come forward from the Postmaster's hands when they learn that one stamp of the same denomination is in the interest of peace and quiet, keep the same a secret.

Uses of electricity were suddenly left in the dark last night. The men with the "light" men were left in the dark, the men with the meter.

It is the intention of Mr. Corby and friends to battle in the coming election with fair political terms. Will his opponents do the same? We shall see.

The Liberal party knowing full well that it is next to impossible to capture West Hastings intended to place their full energies into East Hastings and Prince Edward in an endeavor to capture both these seats.

Because West Hastings has returned Mr. Corby heretofore, his supporters must not think that he has a sure thing. Make his majority this time greater than ever.

West public opinion amounts to a Russia may be gathered from the recent census of that Empire, which shows that in a population of 129,000,000 there are only 745 newspapers, or one to every 170,000 people.

Now that we are to have a fight in West Hastings it is the duty of every Conservative to buckle on his armor and place Mr. Corby in the lead by a rousing majority.

A New Jersey man has invented a way of making a substitute for carpets out of paper. The way the price of paper is going nowadays, it would be more the point to invent a way of manufacturing a substitute for paper out of carpets.

People who would sooner laugh than cry will find much to interest them in the following utterances of Rev. Dr. Crane, of Chicago. If the Rev. gentleman talks in the pulpit like he lectures on the platform he should have large congregations.

Man is the only animal that was made to laugh, and as science teaches that laughter promotes health, it is as far as we can get to excessive drag-taking for laughter.

Laughter increases the blood circulation. It calms the heart. It expands the lungs. It jiggers the diaphragm. It promotes the circulation of the blood.

I once knew a man who laughed so much that when he died they had to cut his liver out and kill it with a club.

Never trust a man that laughs from his back up; an honest man laughs from his diaphragm.

WHAT PEOPLE SAY

is not What Makes a Remedy Valuable.

Testimonials are good things and we are always glad to get them. But they don't make our remedy any better.

Stuart's Dyspepsia Tablets are good because they do good—because they cure.

Testimonials simply prove that the tablets have helped other people, but if yourself you're not interested in, and if other people will care you're not interested.

It is very easy to find out—try them. A full package costs but 50 cents, and you can get a little bit of relief from the stomach trouble at the price.

We put it on that basis because you don't know about the tablets. If you knew as much about them as we do you would have complete confidence in this advertising without any necessity.

We have seen them cure the worst cases of stomach trouble. Cases of long standing and obstinate, cases that other medicines and even high priced doctors have failed to subdue.

There are some I test every day. If you care to read them we have thousands of them.

Dr. H. H. Hoag, of Wynnewood, Nebraska, writes: For six years I have been troubled with stomach trouble. Last fall I became very much alarmed at some symptoms of heart trouble and came to believe there was a sympathy relation between the two diseases, or rather that the stomach trouble was the cause of the heart disturbance. I hit upon Stuart's Dyspepsia Tablets for relief and found them to be just what I needed. I have now a good vigorous appetite. Although I am nearly seventy years old, I now feel perfectly well and without being requested by anyone I make this statement as a compliment to the virtue of Stuart's Dyspepsia Tablets.

Mr. Lydia Hoffman, of Annapolis, Md., writes: I have suffered from stomach trouble for ten years and five different doctors gave me only temporary relief. A Mr. E. R. Page advised me to try Stuart's Dyspepsia Tablets and four boxes did me more permanent benefit than all the doctors' medicines that I have ever taken.

I honestly believe that Stuart's Dyspepsia Tablets are the best medicine ever made for the cure of stomach trouble.

Don't mistake our meaning. We don't claim them to cure anything but dyspepsia and stomachic disorders, and the one thing is what they are made for, but that one thing is the cause—the starting point of nearly all the sicknesses in the world.

Use Stuart's Tablets regularly. Keep your stomach right and you can never be sick.

The practice of taking arsenic to minute doses is very prevalent among the peasantry of the mountainous districts of Austria-Hungary and France. They declare that the powder is good for them to ascend with ease heights which they could not otherwise climb.

The women have a great deal to say about the necessity of a young married man beginning right with the "stomach band," as if he ought to get to his knees a horse train goes at a young colt.

"Want of Watchfulness"

Many cases of poor health come from want of watchfulness. But if you keep your blood pure no thief can steal your health.

The one effective natural purifier is Hood's Sarsaparilla. It never disappoints.

Impure Blood.—My wife suffered with pain and distress from an affection of the blood caused by impure blood. She was almost in despair when she turned to Hood's Sarsaparilla. Before a week had passed the blood was purified and the medicine completely cured her. JOHN W. WEAVER, N. Y.

Scrofula.—Hood's Sarsaparilla has cured me of scrofula. I was weak and debilitated but it made me strong and well. After a severe cold had attacked my head I resorted to this medicine and it cured me. SARAH K. HANCOCK, Annapolis, N. Y.

STARTS WITH A COLD.

Catch is a Lingering Cold Which
 Refuses to Yield to Ordinary
 Treatments.
 Catches usually start with a cold
 in the head and if not cured in
 the early stages, it is liable to
 spread to the lungs and become
 a serious matter. It is therefore
 important to treat it at once.
 The best remedy for a cold
 is a good cough syrup. It
 soothes the throat, loosens
 the phlegm, and helps to
 bring the system back to
 normal.

MY SISTERS' BABY
My baby is full of abounding life and joy; my sister's boy is a puny thing.

The difference is, my baby is healthy. He takes his fill and sleeps; and he grows. My sister's boy gets fully as hungry, he cries with hunger; then cries, I think it must be from weakness; his food is a burden to him.

Scott's emulsion of cod-liver oil will set that poor little boy in the way of being as good as his cousin.

EATING FOR TWO

it may be for three.

A new mother, or about-to-be mother, should keep herself up to the highest possible level of health and supply, and begin far back. Live generously and carefully.

Whatever is good for her comfort and health, let her have it; whatever is bad for her comfort or health, avoid it.

Almost without exception, Scott's emulsion of cod-liver oil is a useful help; and generally a very important help.

THE MEETING AT KENDRICK.

Things Now Look Favorable for Mr. Northrup in That Village.

A Unit Orator Make Some Very Wild Statements

There is no denying the fact that Mr. Northrup's chances are bright in this village of Kendrick. The agitation of the Conservatives present rose higher last night when they saw the reaction of their friends in rally. They followed in good style, and the school houses where the meeting took place, were filled to the doors. The Conservative speakers were Mr. Northrup, Mr. Corby and Mr. Northrup. The latter was the only speaker who was not a thoroughly honest man. He did not say anything about his own past, but he did say that he was a thoroughly honest man. He did not say anything about his own past, but he did say that he was a thoroughly honest man.

The latter was the only speaker who was not a thoroughly honest man. He did not say anything about his own past, but he did say that he was a thoroughly honest man.

Great Oration at the Pavilion to greet the Man Who Put Up His Own Money for the Defense of the Empire—Hon. Lord Strathcona—His Speech Largely Historical—A Memorable Occasion.

Toronto, Oct. 30.—This city never did herself greater honor than tonight, in honoring the most public-spirited man in Canadian history, the noblest and noblest of men, Lord Strathcona, who has been the record of the development of this country for the past half-century and more. Today his name stands through the British Empire, and wherever the British flag floats a grateful people honor the name of Strathcona.

War was the dominant theme, and the most vividly before the eyes of the guests of the Board of Trade in stacked millions depending from the British Empire, and the most vividly before the eyes of the guests of the Board of Trade in stacked millions depending from the British Empire.

Lord Strathcona was an example to the young men of Canada, and he was an example to the young men of Canada, and he was an example to the young men of Canada.
